Professional Experience

Sep 2018 – Present

Sr. Motion Graphics Artist

Hogarth (Vendor onsite at Apple), Sunnyvale, CA

- Creates animations for Apple event releases that highlight new features with a strong focus on UI/UX and motion design, for use across the Apple website, retail displays, and social media platforms.
- Collaborates with cross-functional Marcom teams (Design, Brand, HI, dev, Keynotes) to produce systematized animated content.
- Defines and implements Apple's motion language across products and platforms.
- Creating After Effects rigs and templates to streamline localization and usability workflows for other artists.
- Develops internal After Effects script tools to enhance production processes.
- Balances multiple projects under tight timelines while maintaining design precision and brand integrity.
- Reduces video file sizes while maintaining top quality using Lottie or Compressor for maximum efficiency and speed on websites.
- Develops high-fidelity prototypes to showcase motion concepts, test usability, and refine designs.
- Trains and mentors new designers on efficient workflows based on Apple standards.
- Shadowing leaders during upcoming launches to prepare for future opportunities.

Jan 2020 – Mar 2021

Founder

Gamemate Studios, Daly City, CA

- As the founder of Gamemate Studios, I had the idea to create a company focused on developing mobile games for non-gamer users.
- We released our debut title, SudoChicks, a puzzle game available on both Android and iOS devices.
- Concept developer, prototyper, and UI/UX motion designer with experience in marketing and leading teams of developers and Unity 3D designers.
- The Youtube page: www.youtube.com/@gamematestudios2292

Jun 2016 – May 2018

Motion Graphics Designer

LionShare, Carmel, CA

- Worked for an advertising agency that created TV commercials.
- Gained insight into the commercial advertisement industry with tight schedules and a fast-paced environment.
- Created with Adobe Creative Suite: Photoshop, Illustrator, and After Effects using plugins like Element 3D, Particular, and Optical Flares.

May 2015 – Jun 2016

Motion Graphics Designer

MediaLuv, Remote

- Produced over 90 textbook tutorials for McGraw-Hill Education, primarily focused on business-related subjects.
- Developed concept storyboards and visual narratives based on scripts, creating storyboards in Illustrator and After Effects to guide animation production.
- Created 3–6 minute animations covering a range of business course topics, including finance, economics, and investing.
